Endpoint / Modern Workplace Engineer · Intune · AVD · MSP

Microsoft endpoint engineer with 5+ years across Intune, Microsoft 365, Entra ID, and Azure Virtual Desktop. Go Live Engineer at Nerdio guiding MSP partners through baselines, policies, app deployment, and tenant enablement. Broad foundation across MSP and enterprise IT, identity, automation, and documentation.

EXPERIENCE

Nerdio — Go Live Engineer

Remote · Sep 2025 – Present

- Runs Go-Live engagements to onboard MSPs into Nerdio Manager for MSP: Partner Center integration, feature fit into partner workflows, and knowledge transfer through self-sufficiency.
- Completed 300+ partner project calls across Go-Live projects that typically run 3-6 months; captures project notes in Salesforce.
- Assists MSPs with CIS and cybersecurity Intune policies, Unified Catalog apps, Autopilot V1/V2, Solution Baseline assessments, CIS drift analysis, and hybrid AD in Nerdio.
- Troubleshoots the Nerdio application in depth and provides support logs to the support team.
- Maintains Intune policy repos for product review; works with L&D on training courses; builds custom apps used org-wide.

Centerview Partners — System Administrator (Contract)

Huntington, NY · Apr 2025 – Jun 2025

- Supported Intune policy creation, group and device management, policy rollout, Zero Trust policies, and documentation.
- Ran weekend server patching; supported WhatsUp Gold monitoring with the network engineer for overnight service coverage.
- Prototyped Azure DNS Resolver for hybrid on-prem AD and DNS with custom applications.

Site2 — Systems Engineer

Remote · Jul 2023 – Apr 2025

- Built Intune and Microsoft 365 for MSP customers: enrollment, profiles, compliance, Autopilot, and Apple Business Manager.
- Configured Entra ID, Conditional Access, Defender, and Microsoft Tunnel; deployed Win32/Store/LOB apps.
- Implemented Azure networking and Azure Virtual Desktop for ~15 customers; automated patching with PowerShell.

Ivionics — Systems Engineer

Hauppauge, NY · Feb 2023 – Oct 2023

- Implemented Intune and Entra Connect hybrid identity for legal clients; supported multi-client MSP operations.

Arbor Realty Trust — Systems Engineer

Uniondale, NY · May 2022 – Jan 2023

- Supported Intune MDM and OneDrive rollout across 700+ devices; assisted with Azure Virtual Desktop image work.

US Ecology — Endpoint & MDM Engineer

Great River, NY · Dec 2020 – May 2022

- Operated ManageEngine MDM for 1,600+ employees; closed 2,500+ tickets; imaged Windows endpoints.
